EDUCATION

Maulana Azad National Urdu University

B.Tech in computer science - CGPA - 8.57

2019 -2023

Hyderabad, Telangana

CORE SKILLS

- Microservices Architecture
- CI/CD Pipelines
- Unit Testing TDD
- Agile (SCRUM)
- REST APIs JSON
- Multithreading (Basics)
- Design Patterns (SOLID)
- Performance Optimization
- GenAI Tools (Basic Exposure)

PROJECTS

Silk Saree E-commerce Full Stack [🔗](#) | Asp.Net Core Web Api, ReactJs, C#, Entity Framework Core

- Followed layered architecture and design patterns to ensure scalability and maintainability.
- Implemented secure APIs with authentication and optimized performance using efficient database queries.
- Simulated real-world enterprise workflows such as order processing and user management.

Blog Web App [🔗](#) | C#, ASP.NET Core MVC, Entity Framework Core, SSMS

- Built ASP.NET Core application using C# and Entity Framework Core with both REST and GraphQL endpoints.
- Implemented Clean Architecture with separation of concerns between Domain, Application, and Infrastructure layers.

TECHNICAL SKILLS

Languages: C#

Frameworks: .NET Core, ASP.NET Core Web API, ASP.NET MVC

Architecture: Microservices, Clean Architecture, Design Patterns (SOLID)

Database: SQL Server, Stored Procedures, Query Optimization

DevOps: CI/CD, Git, Azure (Basic)

Testing: Unit Testing, Debugging

Frontend: HTML, CSS, JavaScript, jQuery (Angular - Basic)

WORK EXPERIENCE

CloudO Solutions [🔗](#)

04 2025-Present

.NET Developer

Hyderabad

- Developed scalable and high-performance web applications using ASP.NET Core, C, and SQL Server following SOLID principles and design patterns.
- Designed and implemented RESTful APIs and microservices-based architecture for modular and maintainable systems.
- Participated in complete SDLC including requirement analysis, design, development, testing, and deployment in Agile (SCRUM) environment.
- Implemented unit testing and contributed to test automation for improving code quality and reliability.
- Worked on CI/CD pipelines for continuous integration and deployment of applications.
- Collaborated with product managers, business analysts, and architects to design scalable enterprise solutions.
- Handled debugging, production issues, and performance optimization for critical applications.

Freelancing for NopCommerce and JA Sarees(Open Source Developer) [🔗](#)

10 2024-02 2025

.NET Developer

Remote

- Developed and customized enterprise web applications using ASP.NET MVC and SQL Server.
- Designed reusable components and optimized database queries for performance improvement.
- Worked on client requirements, prototyping, and iterative delivery in Agile-based workflow.

CERTIFICATIONS

- .Net - Udemy
- Java for data structure at -Acciojob
